HOW TO CHOOSE THE BEST TEAM EVENT(S) FOR YOUR COMPANY

Here are some of our suggestions to programme your team socials;

Event	Description
STANDALONE EVENTS	Choose one event and establish its popularity before deciding on widening your employee engagement or trying a new experience
CHOOSE MULTIPLE EVENTS	If your teams enjoy monthly or quarterly socials why not choose a multiple event package for key dates ahead of time
EVENTS PROGRAMMING	If you are looking to integrate various departments in some fun, healthy competition let us program a series of experiences which can be rotated over a period of time
KEY EVENTS	Award nights, rewards, onboarding and leaving parties are all ideally suited to our event structures
CONFERENCES	Talk to us about arranging recreation breakout rooms for your conferences, seminars and expositions
BESPOKE	Organisations are increasingly rotating their workforces between office and remote locations. We can now offer a hybrid event model encompassing both the live and online experience simultaneously, making sure everyone has a brilliant time together
REACHING A GLOBAL AUDIENCE	We have the flexibility to reach a global workforce and broadcast shows to accommodate multiple time zones
